

Live Not by Default,
but by Design!

Complimentary Strategy Session (\$125 value)

I have space for only 4 of these high-powered sessions per month.

To request a strategy session, send an email to nina@lifesculpt.net with "Strategy Session" in the subject line.

In this 1-hour strategy session you will:

- Create a crystal clear vision for the next stage of your life, career, or relationship
- Uncover hidden challenges that may be blocking your creative flow and keeping you stuck in default mode
- Leave this session renewed, re-energized, and inspired to design the passionate, purposeful, powerful life you desire

I look forward to engaging with you!
